

Malus 'Red Silver'

Высота	6-8 m
Ширина	4-6m
Крона	round/spherical, light, open crown
Кора и ветви	brown, grey
Лист	green, reddish brown, red
Цветы	purple-pink, flowers in April, fragrant flowers
Плоды	red, purple/brown
Колючки/шипы	None
Ядовитость	неядовитый, обычно
Вид почвы	clayed soil, loamy soil, sandy soil, acid soil
Мощение	устойчив к частичному мощению
Зона зимостойкости	4 (-34,4 до -28,9 °C)
Устойчивость к ветру	good, susceptible to sea wind
Прочие виды устойчивости	устойчив к морозам, зона 1 - 6, сустойчив к ветру
Дерево-среда обитания для животных	устойчив к морозам, зона 1 - 6, сустойчив к ветру, дерево-источник питания для птиц
Применение	промышленные зоны, небольшие сады, сады в патио
Форма	штамбовое дерево, многоствольное дерево

'Red Silver' is a moderately strong growing small to medium-sized tree. The open crown is almost round and the tree grows 6-8 m tall. The flower buds are deep purple-brown. In April, the dark purplish-red flowers open and turn a dull dark pink. The flowers are single and about 4 cm in size. The young unfurling leaves of 'Red Silver' are silver-grey hairy. The spring foliage is green-purple, in summer it turns dark green. In the second half of summer, the approximately 2 cm large ornamental apples ripen. These are dark purple. 'Red Silver' is a healthy tree that is hardly susceptible to scab. The tree will grow in almost any soil, provided it is well-drained. It can also be used in semi-paved areas. Tolerates wind, but not sea wind. This American cultivar was introduced in 1928. The tree is very hardy, hardiness zone 4.
